INTERESTED/CURIOUS ABOUT BECOMING A MASON?

It is an individual choice a man makes becoming part of a brotherhood that values others, their communities, and themselves.

Many of you know of Fathers, Grandfathers, Uncles, or other acquaintances who have gone to regular meetings and seemed more at ease with themselves, and others.

Being a Mason provides a man with the opportunity to meet others of various fields of endeavor, and enables him to work with these "brothers" to help themselves, others and their communities.

A Mason tries to be a role model for others and attempts to help others in need.

Being a Mason helps to build men into better men.
